

THE CALIFORNIA INDIAN MUSEUM & CULTURAL CENTER

Presents:

Pomo Language Forum

Saturday, May 10, 2014

1:00 PM – 3:00 PM

5250 Aero Drive, Santa Rosa, CA 95403

"Shoh yehaelim: Pomo's Happening Now" is a project dedicated to increasing the number of people using and learning Pomo language in our tribal communities. CIMCC will create seven new technological resources that community members can access to learn Pomo languages in their homes and with their families. These resources will range from online courses to mobile smart phone and tablet applications.

To create these tools CIMCC is partnering with Miromaa ALTC, Aboriginal Language and Technology Centre. Miromaa is a content management system program that was developed specifically to aid in language conservation, reclamation and dissemination work. Miromaa is a user friendly database that helps organize and produce outcomes for language preservation and revitalization activities.

Let's work together and support all language learning efforts. The responsibilities of preservation and revitalization are shared among us all. Despite political differences, diverse dialects and limited resources, active collaboration and cooperation are fundamental to the survival and continuity of Pomo languages. Share in an afternoon with the community members and CIMCC staff as we address strategies for Pomo language preservation. Help shape the future of Pomo language learning tools. Learn more about resources that can be used to support your revitalization activities.

THE CALIFORNIA INDIAN MUSEUM LECTURE SERIES

Announcing the 2014 Tillie Hardwick Lecture Series

During the whirlwind era of termination many California Indian Rancherias became things of the past. In a landmark case, Tillie Hardwick v. United States, one Pomo woman restored the sovereign status of 17 tribes. CIM honors Ms. Hardwick's dedication and contributions to all California Indians.
